COVID-19 Countermeasures and Requests for Customers

We are currently implementing the following COVID-19 countermeasures to help ensure your safety and security.

We apologize for any inconvenience this may cause and appreciate your understanding and cooperation.

Restaurant measures

- Placement of alcohol-based hand disinfectant (restaurant entrance, restrooms, kitchen)
- Regular alcohol disinfection and thorough cleaning (fixtures, doorknobs, etc.)
- Mask use by restaurant staff (mask and glove use by food preparation staff)
- Appropriate social distancing for both customers and staff (changes to seat layout)

Staff health management

- Daily morning temperature measurement
- Mask use while commuting
- Regular hand-washing and alcohol disinfection of hands upon arriving at the workplace and while working
- * If any employees have a fever or feel unwell, they are required to notify us and to stay home.

Requests to customers

- Please refrain from coming if you have a fever or if you feel unwell.
- Please note that we may check the temperatures of customers (using a contact-free wrist temperature thermometer) at the entrance. If you have more than 37.5°C, you can not enter the restaurant. Thank you for your understanding.
- Please wear a mask when entering the restaurant.
- Please use the alcohol hand disinfectant when entering the restaurant and when using the restroom.
- Please practice proper coughing etiquette.
- If you begin to feel unwell while in the restaurant, please inform a staff member.
